What skills have you used?

I have used stippling to get patterns for the pumpkins. Cross hatching is very useful for plain designs. I have used blending to get the right color.

What elements of Cezanne's style have you used?

How My shading effects the picture by the techniques I used. I have overlapped my colors to make it more like Cezanne.

What worked well? What was effective?

The blending worked well because it was very simple and it looked beautiful. The little pumpkin was the most effective.

What difficulties did you face?

The gourd pumpkin was the hardest because it had a lot of detail. The orange pumpkin was really hard because I made a big mistake.

What would you improve?

I would improve the leaves. I would improve the big pumpkin.

Lo. I can evaluate my art work.

Batik Evaluation

What I am pleased with:

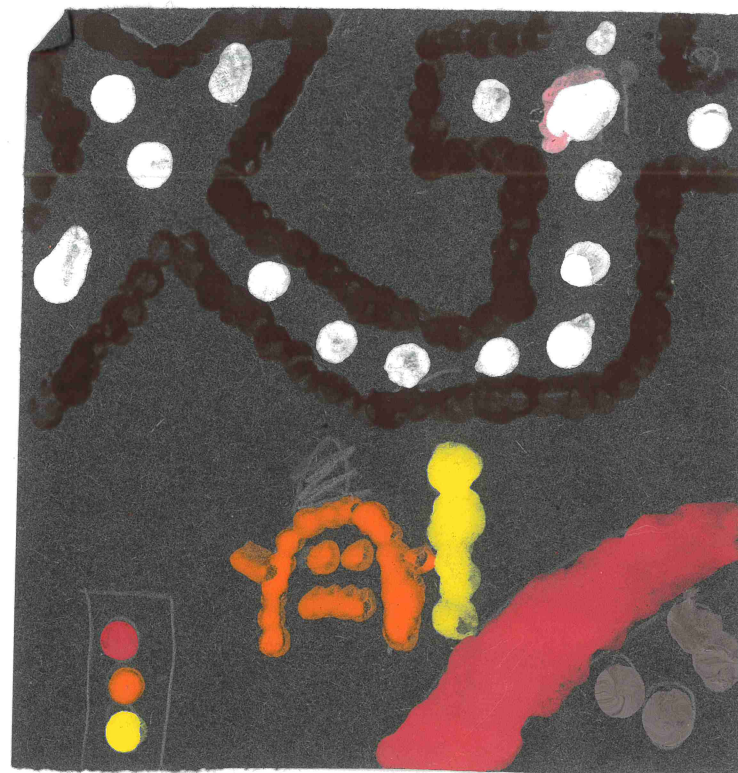

Although my batik isn't how I expected I am really pleased with it because I loved the beads that I used.

The dye had vibrant colours which made my printing colourful and pretty. I like that the stitches I used really stand out. I did star stitch at the bottom and running stitch on the lines.

What I would change/improve next time:

I would improve the formation of the dye because it did not turn how I expected it to be.

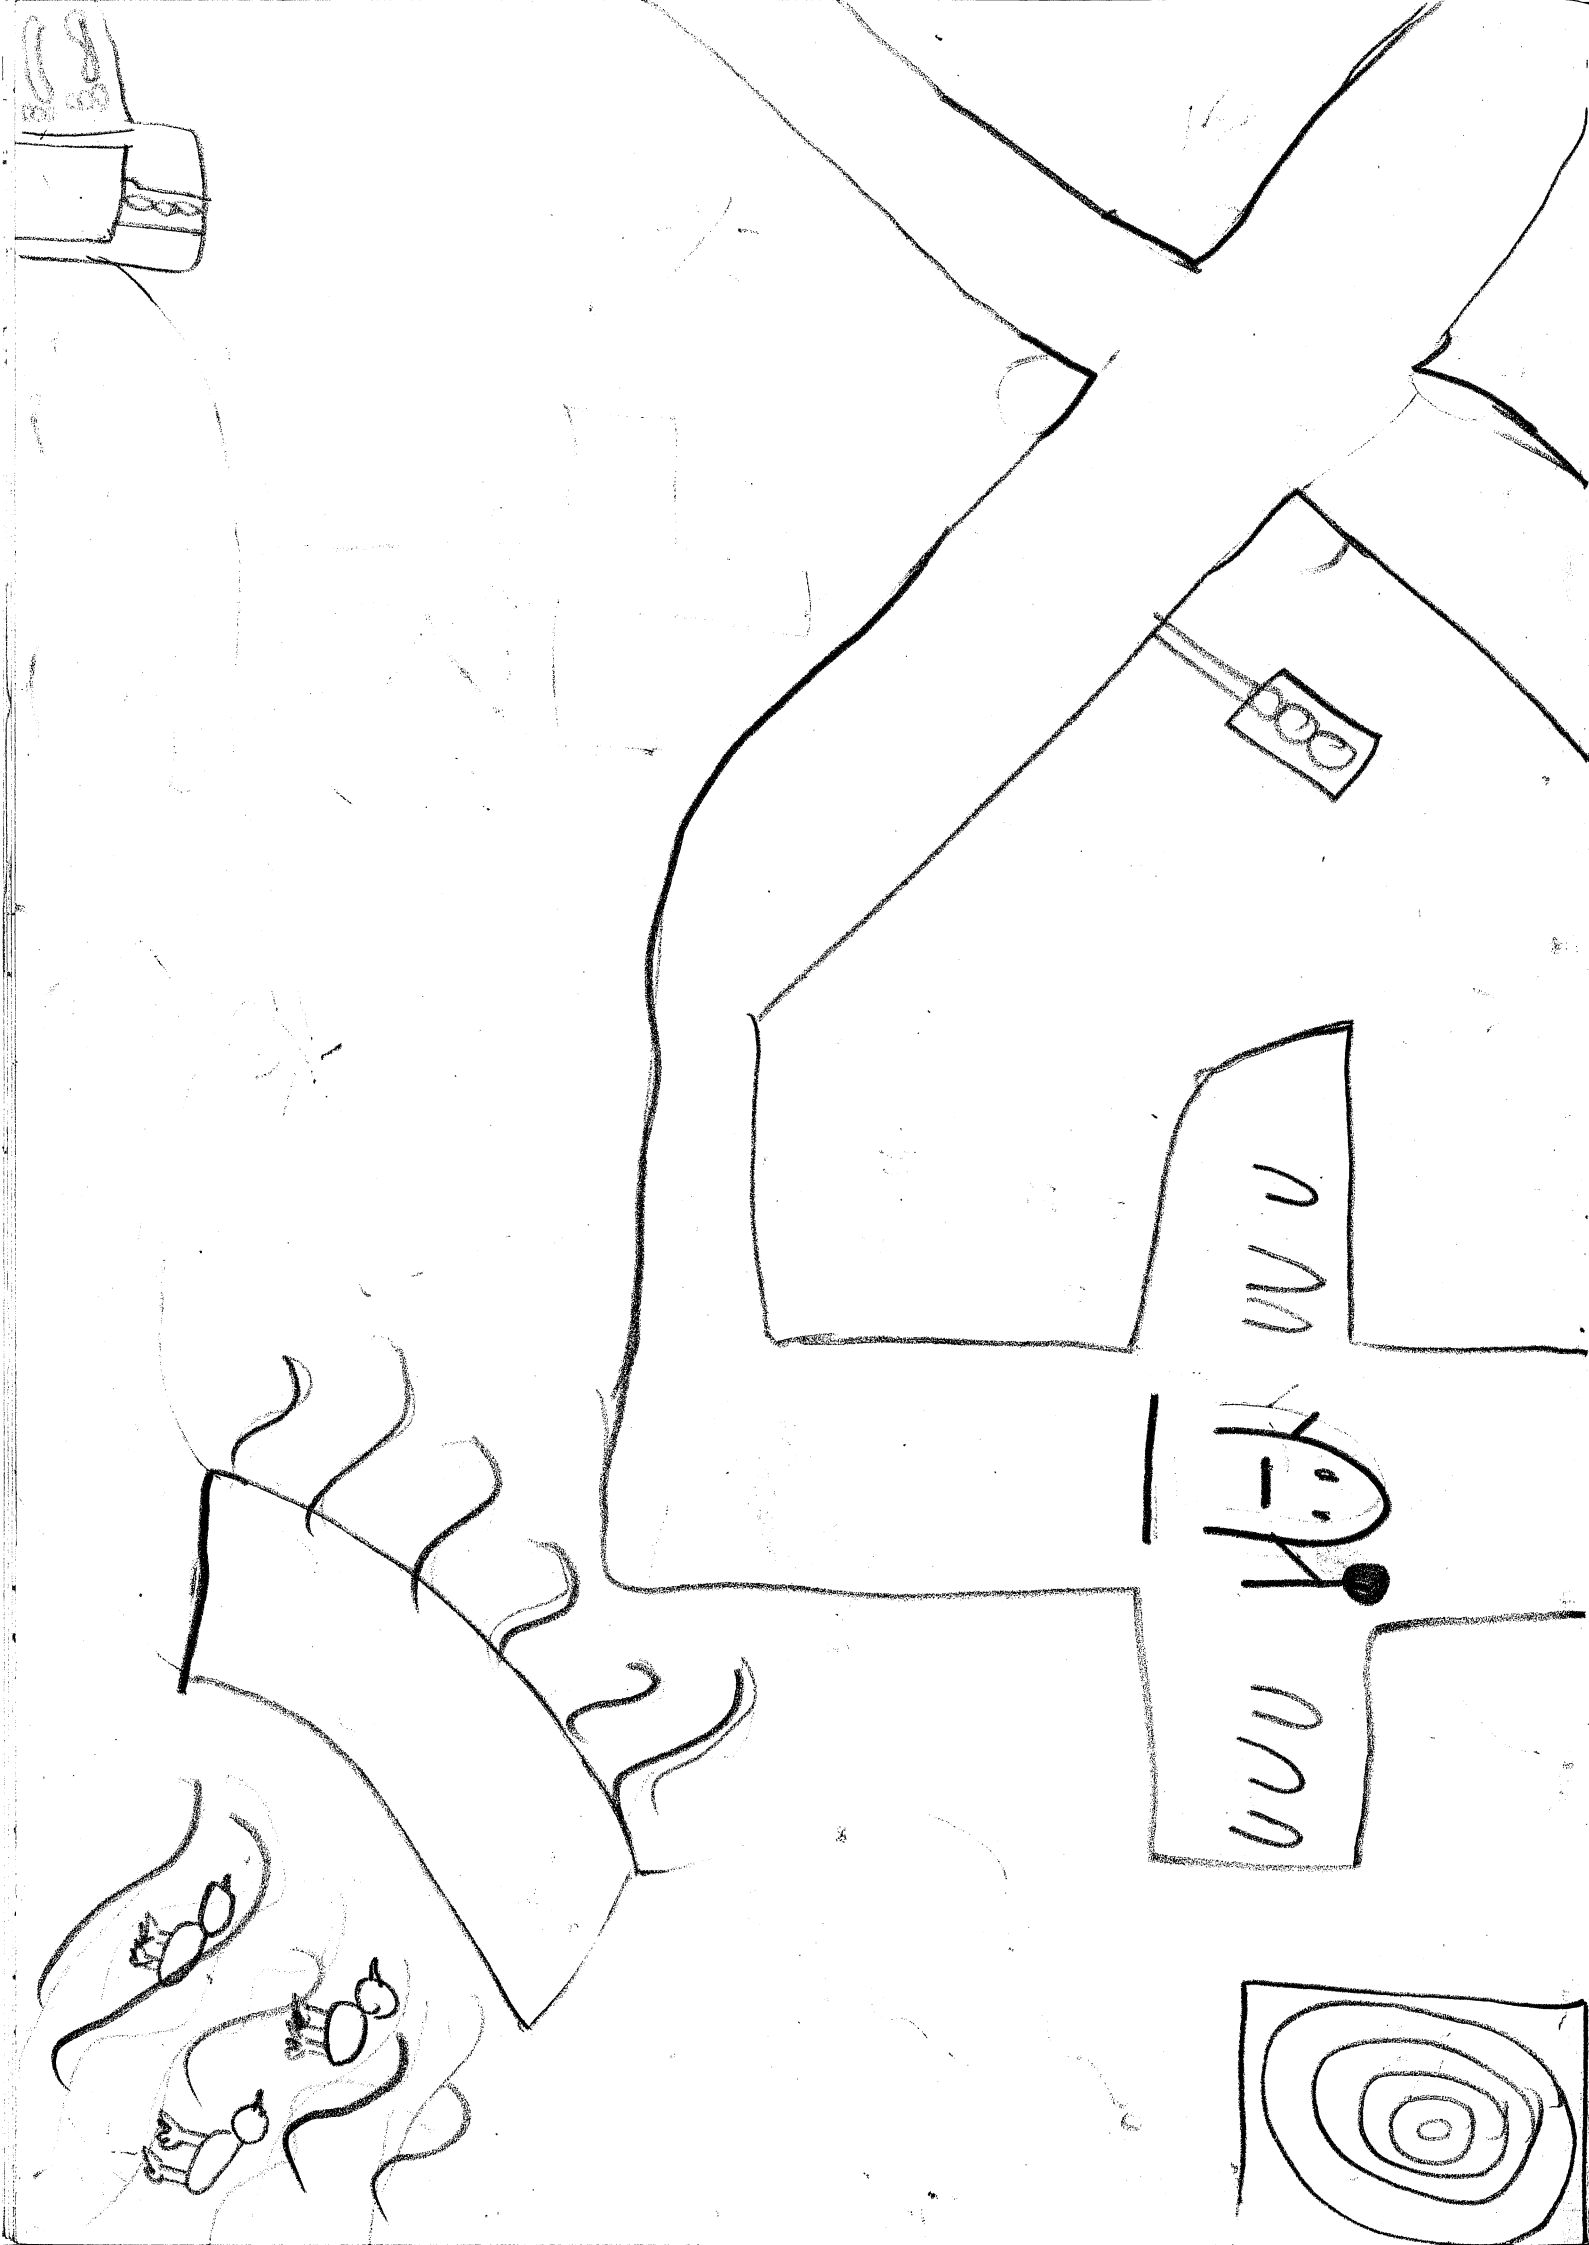

I didn't like that my main design because it wasn't in the centre.

Evaluation

- ① ~~what~~ I didn't put the school building in the picture because I wanted to show how I walk to school not inside the school.
- ② The road went well because it was bold and clear and worked perfectly so it went well.
- ③ I would change the river because the colors need to change.

L.O. I am learning ~~about~~ about the ~~artist~~ artist Henri Rousseau ~~scenes~~

Artist fact file

Name of Artist: Henri Rousseau

Born: 1844

Died: 1910

Style of artist: 'Post-Impressionism'

Interesting facts about the artist:

- He was very good at jungle themed paintings.
- He didn't have ~~any~~ any art lessons and was self taught!
- He made no money and was very poor so stole some money then ~~join~~ joined the army.
- He was born in France Laval
- He made simple mistakes like making things too big or small.
- ~~Henri~~ When Henri died he was buried three times!

What do you like/dislike about this artist's style of work?

I like all the leaves, sky and plants because they have nice patterns and it looks unique. I don't like the animals because he copies animals from books ~~and they~~ so they don't look that good.

Evaluation

- ① The difference was that I made a bigger and a different road design. The same was that I used the same symbols to represent my field on my journey.
- ② The river went well because I was going to do a different pattern for the field but when I did a wiggly line I realized it made a lovely pattern for the field.
- ③ After thinking I decide I do not want to change my art because I love every thing about it.
